

The Prowell Family - *to Pastors:*

We are a Bible believing family who love to share the gospel in song. We have not been called to preach, but as the body has many parts, we have been called to share His word through music.....

Music is our Mission!

We also play at secular places and incorporate fun, wholesome songs that entertain....*and* we add a healthy dose of gospel songs for people that might not go hear an all gospel band. We don't believe we are watering down the message at all.....just sharing with more than the choir. But no one supports us more than the church and we rely on that support to further our mission. Please consider hosting us for a special or concert at your church. We never require a fee or minimum for church worship services....love offerings have always been sufficient to continue our travels. Blessings to you,

The Prowells
